Newsletter 2015

Issue 6, August 2015

Well done to all the Breaker teams who played at the Nova carival last Saturday, you should all be very proud of your great effort !!

Thank You

Thank you to those parents who attended the AGM

We welcome our new committee members and look forward to working with them to build on a successful year going forward into 2016. We will introduce the new committee to you all at Presentation night.

Although most roles were filled we still need Club members to be involved and importantly, the leadership group at Breakers wants you to be involved.

One very important role that has not been filled is the Umpire Convenor - without out an Umpire Convenor we cannot have Under 10's or Senior teams. We have 3-4 Umpires, and just need someone to co-ordinate them. All Breakers senior teams made the finals this year & it would be disappointing if we couldn't field these teams next season. If you know of anyone who would be interested in filling this role please contact the Club.

Breakers
Netball Club
